PROFESSIONAL SUMMARY

An ambitious Computer Science student with a strong technical foundation in Technical Troubleshooting, Debugging, and Log Analysis. Proven ability in analyzing application behaviors, identifying web vulnerabilities, and developing interactive development tools. Highly skilled in diagnosing complex technical issues across multiple environments (Linux, Windows). Excellent technical communicator fluent in English, adept at writing clear documentation, managing workflows, and collaborating with cross-functional teams to resolve platform and system issues.

EDUCATION

University of Kirkuk | College of Computer Science and IT

Bachelor of Science in Computer Science | Expected Graduation: 2027

TECHNICAL SKILLS

- **Languages:** TypeScript, JavaScript (ES6+), CSS3 & HTML5, Python, C++, SQL
- **Frontend & UI Development:** Responsive Web Design, Pixel-Perfect UI Implementation, Cross-Platform UI Development (Flutter)
- **Design Systems:** Component Style Guides, Design System Extension, UI Pattern Libraries
- **Tools & Platforms:** Git, GitHub, Linux (Fedora/Kali)
- **Performance:** UI Performance Optimization, Cross-Device Optimization

TECHNICAL PROJECTS & EXPERIENCE

Runix – AI-Powered IDE & Live Code Simulator | Node.js, JavaScript, WebSockets

- Engineered a web-based IDE simulation environment featuring real-time code execution, syntax highlighting, and fluid data streaming capabilities.
- Integrated advanced AI modules to provide real-time automated debugging, log analysis assistance, and logical error resolution for users.
- Monitored platform metrics, handled system logs, and optimized backend stability using modern network protocols.

Soft Skills & Remote Work Competencies

- **Communication:** Asynchronous Collaboration, Technical Documentation, Strong English Communication
- **Work Ethic:** Proactive Problem Solving, Attention to Detail, Self-Management & Remote-First Collaboration
-

LANGUAGES

Arabic (Native) | English (Professional Proficiency)
